

Wageningen Graduate School Lunch workshop

The go /no go decision, 18 November 2019

The go /no go decision in the first part of the PhD trajectory is a mandatory and formal evaluation by the supervisors. With a go decision, the supervisors express their confidence that the PhD candidate will be able to obtain the PhD degree. In this workshop we would like to discuss the various steps that supervisors have to take in order to assure a transparent and a just go/ no go decision.

Professor Cees Leeuwis will introduce this lunch workshop by sharing his own experiences with go / no go decisions, and discussing do's and don'ts with regard to the process towards a go / no go evaluation.
